Subject: Advice Annual Financial Report 2017

Dear dr. Han van Dissel and drs. André Oosten,

The Faculty Student Council of Economics and Business (FSR FEB) would hereby like to advice on the Annual Financial Report of 2017 in the “Integrale management rapportage Q4 2017”. We have noticed that 2017 was a challenging year for the Faculty of Economics and Business due to the Bachelor Split. However, we believe that problems regarding teaching and scheduling capacities are temporal, and will be alleviated once the Faculty is able to estimate the inflow of students better next year. Despite those problems, the Faculty managed to run a positive budget balance. We are also glad with the progress with regards to Canvas and the Future First Project and are looking forward to see those projects actualized next academic year. We expect the Faculty to not run a too big surplus in the future and would like to see the money allocated in increasing the quality of education. Having confidence in the Faculty to tackle the problems regarding Bachelor Split next year, we would like to advice positively on the Financial Report of 2017.

If you have any questions, please do not hesitate to contact me via the above stated email address, or the Chairwoman or the Vice-Chairman of the Faculty Student Council via toma.fsr.feb@gmail.com or marcelo.fsr.feb@gmail.com respectively.

On behalf of the FSR FEB,

Momo Komatsu
Treasurer and General Member FSR FEB
