## 8. Free female hygiene products

At the VU, SR VU (which is comparable to ASVA) pays for the hygiene products. At the UvA the goal is to have the University pay for it. This item will be discussed during the OV. If people have points they want to add they can contact Elias.

## 9. Stance on physical education

The goal for this agenda point is to see what the CSR's general stance is regarding opening the university. Members of the CSR would like more physical education, opening study spaces and small scale on campus education. Nina will write a meeting piece for the next PV to vote on the CSR's stance regarding physical education [action].

## 10. Government measures – open letter

Tijmen will write an open letter about the government measures. In this letter the forgotten groups (master and bachelor students who stopped studying and international students in general) will be focussed on. The letter will also mention the study track of students from FdG and ACTA, making it impossible to make use of the proposed compensation by the government.

## 11. Exchange for semester 1 2021-2022

This point will be discussed during the next UCO, so it is important to have this item voted on today. Ivan adds that it should be good to have the UvA focus on the individual cases when weighing whether or not a student can go on exchange.

If exchanges in the first semester cannot go through they should be able to postpone their exchange. Meaning that these students should not go through the application process again.

It should also be considered to have a safety net for students going on an exchange, but having to return.

**Voting proposal:** The CSR 20-21 decides in favour of supporting the continuation of exchanges during the first semester of the academic year 2021-2022.

In favour: 10

Against: 0

Blanco: 1

Abstain: 0

## 12. W.V.T.T.K. / Any other business

The CSR has read comments about a post regarding the effects of the damage on mental health. If CSR members have any input or want to help on the subject they can reach out to Elias or Chimira. This item will be discussed during the next O&O committee meeting.

Chimira states that her FSR wants to use the premium version of DeepL to translate documents. Chimira will inform the CSR on their final decision, maybe the CSR can also choose to start making use of this translation tool.

A new RvT member has been chosen. This person will join the next CSR/RvT meeting to introduce himself.

## 13. Input requests for the FSR's / to the media

The week against racism should be promoted on the CSR's social media. The PR committee will be in contact with Chimira and Ivan about this item.
