The DB requests agenda items for the upcoming OV. The council discusses Dutch classes, lecture recordings and militarisation. Dutch classes should first be raised during the TTO; the other topics require further preparation. The council agrees not to submit specific agenda items for this OV.

[ACTIONPOINT] The AS will review outstanding actions, archive older items and create a new active action list.

The minutes of 02-09-2026 are confirmed.

[ACTIONPOINT] The AS will amend the minutes of 08-09-2026 to include the names of the elected members (Nikki, Alivia, Minne, and Sofia), two abstentions and the correct spelling of Io's surname. These minutes will return for confirmation at the next PV.

3. Announcements (2 minutes)

There are no announcements.

4. Confirmation agenda (2 minutes)

The agenda is confirmed.

5. Updates (15 minutes)

The Chair, Vice Chair, Committees and CSR delegate share updates.

Chair and Vice Chair:

Fry reports on a meeting with Joost about strengthening medezeggenschap, particularly FSR visibility and year-round official training. Fry will help develop the training, including sessions on budget review. Peterli and other interested members are invited to contribute. Fry can provide Joost's email address.

Joost is also exploring ways to involve staff when serious safety concerns require escalation.

[ACTIONPOINT] Carpiso will email Joost about improving FSR visibility.

Eng reports that all office cups have been cleaned.

O&F:

Manshardt reports on meetings with the housing department. Power bank lending stations are available, and Dirk will follow up about their promotion.

Los and Manshardt discussed the renovations of OMPH and BG5. The limited budget and required sprinkler systems restrict additional improvements. Catering and facilities for reheating food are planned, but a kitchen is not possible because suitable ventilation cannot be installed. Teaching rooms and study spaces will be wheelchair accessible.

Carpiso requests more microwaves. Eng asks O&F to clarify the catering plans and explore affordable meal options. Affordable catering at PCH is also being considered.

O&O:

Peterli reports that O&O has contacted programme committees to understand their interests and compiled their contact details. The committee will seek clarification from the Faculty Daily Board before responding to an advice request. O&O also plans to begin work on the recorded lectures file.

O&M:

The council photoshoot is planned for 30 September. The time remains to be confirmed following discussion of members' availability.

[ACTIONPOINT] Carpiso will check the photographer's availability for an earlier time and send invitations.

O&M will begin posting reels, including practical information about campus facilities. Council members' names and titles are on the website, and access to the FSR FGW Instagram account and website has been arranged.

6. Discussing – Use of Office Rules (15 minutes) (attachments: 1)

The FSR discusses and confirms the office use rules.

The council confirms the office rules with amendments.

The bin will remain in the office but may be removed if the arrangement is not followed.

The "statiegeld" bottles were taken out.

Carpiso and Peterli contest removing the trash can from the office because of the hallway trash can. Fry does not want to remove the bin from the office.

The rules apply throughout the building's opening hours. A private reminder will precede formal escalation. Concerns about visitors can be raised and discussed individually. Members are asked to notify the group chat when bringing guests.

[ACTIONPOINT] De Campos Neto will request office access for council members and create a meeting calendar.

[ACTIONPOINT] Fry will upload the updated office rules to Teams.

[ACTIONPOINT] O&M will create an A3 poster of the office rules.

7. Discussing – Green Commitment and Diversity Commitment (10 minutes) (attachments: 2)

The FSR discusses and votes on signing the Green and Diversity Commitments

Fry and Manshardt will encourage the faculty to sign the Green Commitment.

8. Discussing – Funding external bodies initiative and budget (20 minutes) (attachments: 0)

The FSR discusses the budget and votes on the funding external bodies initiative.

O&M proposes continuing funding for student-led initiatives, with a maximum contribution of €200 per initiative. The treasurer has indicated that six initiatives could receive the maximum amount.

Fry raises concerns about the permitted use of the council's budget and reports that UvA has previously asked the FSR to stop this funding. Fry proposes requiring explicit collaboration with the FSR, including clear involvement and branding.

Peterli highlights the initiative's importance for visibility and student engagement. Los questions if contested expenses might impact future council budgets, but Peterli views such a faculty response as inappropriate.

Stefanova reports that the CSR is considering a similar initiative, with the allocation awaiting budget clarification. Stefanova and Los support making the collaboration requirements more explicit, also to improve FSR visibility.

[ACTIONPOINT] Carpiso will amend the proposal to reflect the discussion.

The vote is postponed until the next PV. After reviewing the budget, the council will also discuss the allocation for this initiative in relation to possible funding for Dutch classes.
