Survey evaluation results

Dear Mr./Dear Ms Studentenraad,

In the attachment you will find the evaluation results of the survey Sinterklaasenquête 2014.

Questionnaire SRsntM14j4:

The overall indicator is listed first. It consists of the following scales:

The overall indicator is followed by the individual average values of the scales mentioned above.

In the second part of the analysis the average values of all individual questions are listed.

If you have any further questions do not hesitate to contact the evaluation department.

Question text

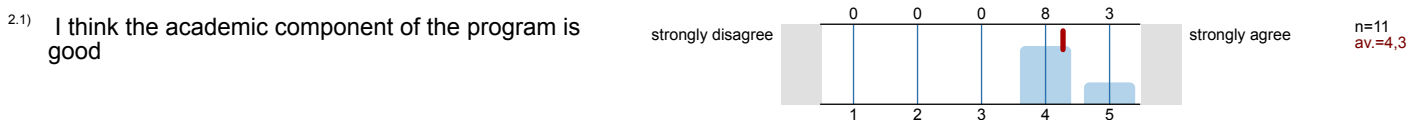

1. General

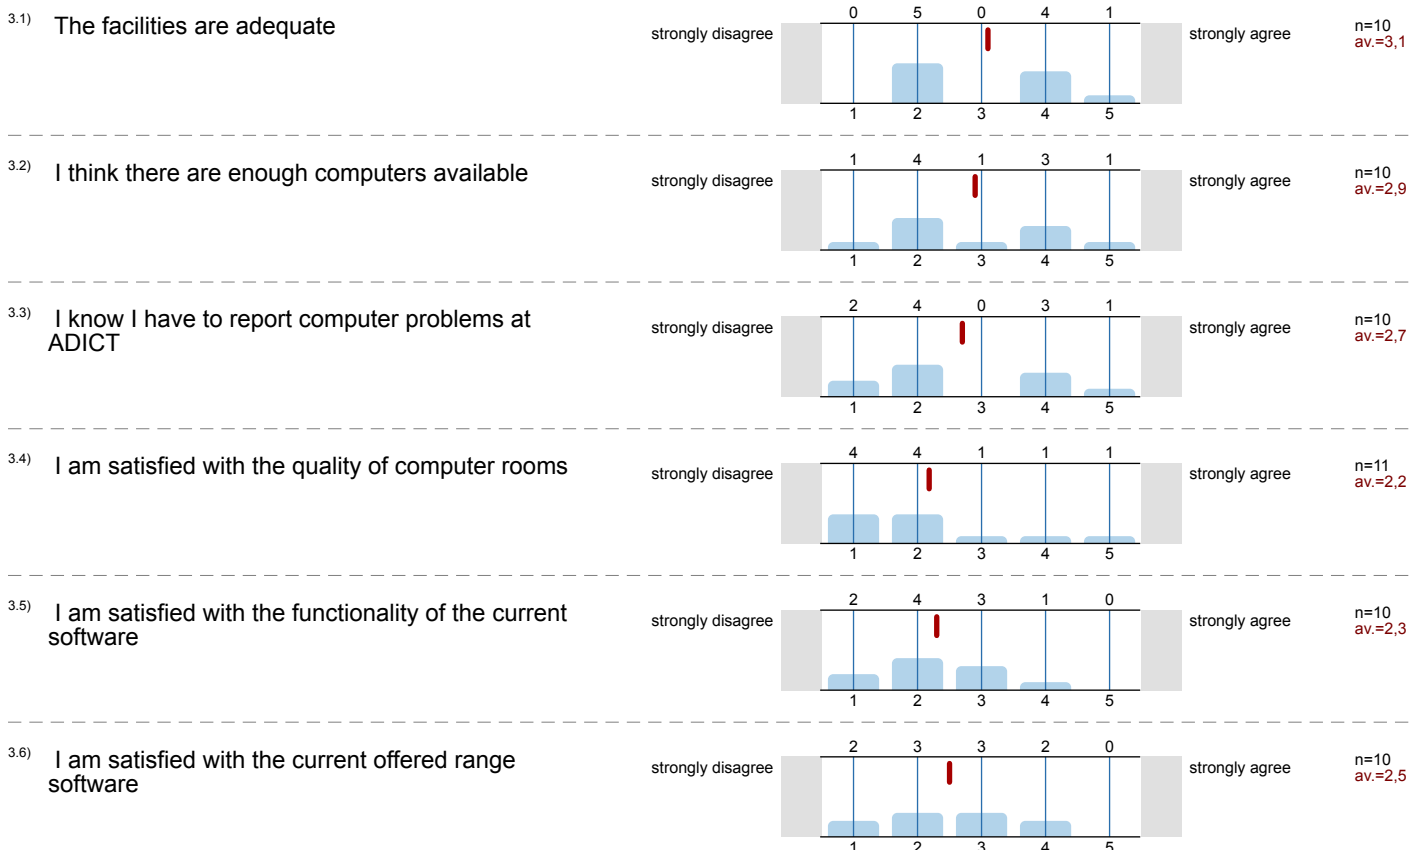

Question text	Scale	1	2	3	4	5	Mean	n	av.
1.1) I like Medical Informatics	strongly disagree to strongly agree	0	0	0	6	3	4.3	9	4.3
1.2) My expectations for Medical Informatics were met	strongly disagree to strongly agree	0	0	3	6	1	3.8	10	3.8
1.3) I think Medical Informatics is difficult	strongly disagree to strongly agree	1	0	8	0	0	2.8	9	2.8
1.4) How do you experience the transition between your prior education and Medical Informatics?	very poor to very good	0	1	2	5	2	3.8	10	3.8
1.5) How do you experience the transition between the modules?	very poor to very good	0	4	1	5	0	3.1	10	3.1
1.6) I am aware of all modules in the program	strongly disagree to strongly agree	0	4	1	3	2	3.3	10	3.3
1.7) I need an introduction at the beginning of the program to know what is coming	strongly disagree to strongly agree	1	0	2	5	2	3.7	10	3.7
1.8) I would like to know the results of the evaluations of the modules that I have followed	strongly disagree to strongly agree	0	1	2	5	2	3.8	10	3.8
1.9) I know where to file a complaint regarding my education	strongly disagree to strongly agree	3	3	2	1	1	2.4	10	2.4

2. Academic skills / academische vaardigheden (AV)

3. Facilities (computer rooms, lecture rooms, software)

Comments Report

3. Facilities (computer rooms, lecture rooms, software)

3.7) What additional software do you require on the lab computers?

Google Chrome ook als standaard browser.

Sublime
Node.js
MongoDB

chrome
mac OSX

- Google Chrome

For instance OpenBugs (for statistical subjects).
Google Chrome.

A server available to student use

4. Open questions

4.1) Other remarks

- LESS RESTRICTIVE ENVIRONMENT FOR PLUGINS!
 ↳ R, NET BEANS, GIT ~~DOESN'T~~ DON'T ALWAYS WORK

- * Alarms at Lo 211 kept on ~~keep~~ going whilst nothing was happening to cause alarm. Furthermore the grumpy guard from the AMC looked at us like ~~so~~ we were criminals and were causing the alarms just to torment him.
- * The requirements for some modules are a tad bit hard for former HAO students.

remove the alarms, they are too sensitive

Library should be accessible in the weekend as well.

- licenties
- bureaustoelen
- alarm dat afgaat in LO-211
- leuende airco in LO-211

- licenties kopen (Visual paradigm, textpad)
- LO211 moet langer open blijven
- De modules zijn te kort voor hun inhoud.

The alarms are offset too easily. It sucks that you can't download other software for educational purposes. (for example, I'm learning java and would like to download the Stanford version of Eclipse!)
