#### **2. Kwaliteitsgelden**

Mr. Ricciutto mentions that the council received a memo that says that in June/July the committee on the evaluation wants to hear the opinion of the council on the progress of the kwaliteitsafspraken. Mr. Ricciutto has requested documents so that the council can come to a well-informed conclusion. The council can form a working group and work together with other working groups. Mr. Lange adds that the O&F committee has requested to be better included in exactly this situation.

#### **3. Photo competition**

Mr. Lange summarizes the photo competition that was brought up at the start of the year. He spoke to the people at campus, they said that it was possible to hang all six photos. The council will decide

on how many will be hung up. Mr. Simons points out that a location was already set. The faculty has placed lockers at that exact spot, but the council is free to pick a new spot. Council voted in favour. Mr. Schreiber heeds that it doesn't seem like the council supports Pegida, as one of the pictures is of protesters. Mr. Lange reassures that a notice will be included giving context to the pictures.
