Guests	-	Secretary	Daniel Kraamwinkel

Agenda

Notes by the chair are written in cursive and are part of the agenda and the minutes, after publication.

1. Opening of the meeting

Ruben opens at the meeting at 18:07

2. Statement by the chair

Ruben states that he will step down as the chair of the FSR at the end of the month. It must be noted here that Ruben has been a great chair, and the council is forever grateful for his service.

He states he will continue as a general councilmember.

The council will have to elect a new chair this month at the meeting of the 27th of January.

He will lay out the procedure next week. He also promises to ensure a smooth transition process.

Ruben is applauded for his decision to favour his mental health.

Daniel reminds the council that speaking Dutch is a big pro for any chair since many affairs at the FSR-FdR still are in Dutch.

3. Setting of the agenda

The agenda is set.

4. Minutes of the previous meeting (December 14th)

No requests for changes by members of the Student Council have been received.

The minutes are approved by general consensus.

5. Review of the action-list

Alla states the council has not received a reply yet to the questions posed to Salomons via email. Ruben states that it will be covered at the OV on Monday.

Janne states that the Open Day is now Tuncay's file. It will probably be online. He will reach out to some people to do a presentation to give some insights on the council. It will take place at the end of January or at the start of February.

Ruben states he will host a dinner when the lockdown allows it, he will send a doodle for this.

6. General updates or statements

a. Central Student Council

The delegate to the Central Student Council can use this agenda point to report on relevant activities at the central level.

Mark states that first of all, the CSR had a meeting on the financial cycle. In April a temporary building with about 20 tutorial rooms will be built, it will be finished in August. This was only announced just now. Furthermore the Singel properties will be kept for now. Furthermore, the CSR is in a loop with deciding on the budget and the housing plan. That is because the budget can only be approved after the housing plan has been approved, and both the CSR and COR still have some questions.

Secondly, Mark states that the covid passes have been postponed to the first of March. The CVB is against it.

Thirdly, Mark states that the CSR will support the “niet mijn schuld” protest on the lack of compensation for the temporary dismissal of the “leenstelsel”. Mark will send a document about it and it will be discussed next PV.

b. Other updates

Ruben states the CSR will host monthly chair/vice-chair meetings from now onwards.

7. Meeting with the faculty board on January 17th

The Student Council will discuss the various matters that are on the agenda for next week.

a. COVID-related matters

Ruben states the university will reopen on Monday. However, education will still be online for the third block probably. The council will receive an update on that on Monday.

Ruben states that furthermore, a brief review on the second exam block will be conducted as well. The FSR believes the chaos arounds specifically a certain PPLE course was unnecessary; this course changed the exam one day prior to it taking place. Alla states next time they should simply comply to what was agreed upon. She will bring this up.

Daniel states the long term plan will also be very briefly discussed, the board has not started on it as of yet but something such as a schedule could be expected.

b. Year Plans

Ruben states these were discussed as drafts already. He also states that materially nothing really changed, therefore the council has no further questions.

c. Reflection and future plans regarding the use of “kwaliteitsmiddelen”

Ruben states the board will give a nice update. Sam states there are still questions about this, these were asked before but the council is still waiting for a response.

d. Other (if any)

Ruben states that Roos, Tuncay and Vincent will not be there.

8. Gender-neutral bathrooms

On the request of Mark Sivolaq, the Student Council is asked to discuss the possible creation of a gender-neutral bathroom within the faculty building.

Mark states that he would like to know what the stance of the FSR is on this topic. He explains the bathroom would be on the second floor of the A building in front of the lecture halls because there are a lot of bathrooms there. Sam asks how it would be instituted, would there simply be a gender neutral bathroom without a lot of fuss? Mark says yes, there is barely anything that has to be changed. He also states it would

be a nice way to make more people more at ease at the university. This is a very small step to take so he does not see any harm. Sam states she is in favour of having gender neutral bathrooms. She is not sure if relabelling will help because she fears this might lead to some discussion if not implemented right. Roos states she does not see this problem, she is in favour of the implementation as Mark laid it out. Ruben also is in favour, even though he has some practical reservations. There is general consensus on exploring the mandate for the bathroom as this would be needed for a proper advice. Mark will look into this.

9. Other points raised during the meeting (WVTTK)

Daniel states that the FSR upon request of the IT department will switch from google/zoom to Teams. Therefore, from now on all administration and meetings will go through Microsoft Teams. Ruben and Daniel will take care of the requirements for this to happen.

Alla asks Daniel if he could include the secretary of the programme committees in the CC of the education related advices since this would lead to a better cooperation between the committees and the council. Daniel states he will comply with the request.

10. Final questions

-

11. Closing of the meeting

Ruben closes the meeting at 18:50.

In the case of absence and/or mandate, please send an e-mail to ruben.fsr.fdr@gmail.com.
