1. Opening of the meeting

11:05

Attendance – Working agreement reminder (Fabian, Hanna & Safir)

- To ensure that it is clear from the start of each meeting who will be attending, Parham raised the question of which members the FSR should wait for before starting the meeting.
- Dina will send out the minutes from the first meeting, including the agreement on attendance and absence, to the FSR members.

2. Setting the agenda

3. PR-Year Plan Update + Discuss invitations to the CoBo (Hanna & Safir)

- The year plan was circulated during the PV and consisted of 12 pages. As there will not be enough time to read and discuss the document during this week's meeting, the discussion will be postponed.
- CoBo: It was decided that the CoBo will not have a specific theme.
 - Date: 6 November 2026. Dina will send out the invitation.
 - Budget: Safir will discuss the budget with Roza before any further updates are provided.

4. O&F Panel networking event

- Felicia asked whether any of the other FSR members have connections who could potentially be speakers for a networking event aimed at students who face additional barriers, such as first-generation students. Felicia will ask Danial whether he has any suggestions for potential speakers or contacts.
→ If any other member has a suggestion, please share it with Felicia.

5. Taal Bubbl: Discussion

- Update: Anton stated that he expects to have more information after next week. There has not yet been a decision, and he was unable to attend the last meeting.
- Tess: Tess explained that the initiative would offer free Dutch lessons in a less conventional format, while also supporting a student project: an open-source app focused on social language learning. The app allows students to learn Dutch through interaction with others.

Faculty-level support: The FSR discussed what support is currently available at faculty level. As there is still funding remaining from the CSR, the FSR could potentially consider supporting the initiative financially. It was noted that the project could appeal to PPLE students and would require less commitment than a traditional eight-week Dutch course.

- PR engagement: Safir suggested discussing the initiative at the PR engagement tables.
 - Next steps: Anton will send more information about the initiative so that Safir can prepare an Instagram story to promote it.

6. Access Rights

- Access rights: Nuno stated that the FSR has the necessary access rights, but does not currently have access to printing facilities or coffee.
 - The FSR should develop a strategic plan for addressing these issues. An informal conversation with Pim (Room 7.13) was proposed as a first step.
 - On Friday, Nuno will ask Marianna about obtaining coffee vouchers.

7. Other points/questions

- **ASVA CoBo:** Dina asked whether anyone was interested in attending the ASVA CoBo (10-11-2026). Further information will follow. Safir expressed interest.
- **FSR invoice:** Hanna asked whether the FSR invoice had been paid.
 - Tess will ask Roza whether she has already paid it.
- **Transfer of the treasurer role:** Safir asked about the process of Roza's transfer of the treasurer role, specifically whether she knows whether the FSR has a bank account and how it can be accessed. Tess was not entirely sure about the details but had the impression that the transfer had not gone smoothly. She does know that the FSR does not have access to a bank account. Instead, expenses are reimbursed by the university upon submission of the relevant receipts.
- **Group pictures:** Safir stated that the group pictures will be available today.
- **Geloofsbrieven:** several people from PPLE have not yet received their *geloofsbrief*.
- **Access to minutes:** Dina clarified that the minutes from the first two weeks of September are available through the separate shared email account and on Teams. This week's minutes will be published in the shared FSR space on Teams as soon as she has access to it.
- **Other updates:** updates do not necessarily have to only be shared during the PV. Tess explained that updates can also be shared in the Signal group chat so that everyone has time to prepare before the PV.

8. Closing the meeting
